

CURRICULUM VITAE

J. P. Purswell

2035 Mulligan Drive

Colorado Springs, CO 80920

Phone: (719) 592-1773, (719) 330-0126

FAX: (719) 265-6905

Email: jp.purswell@gmail.com

EDUCATION:

Ph.D. Industrial and Systems Engineering ([Human Factors Option](#)) 1997. Virginia Tech, Blacksburg, Virginia.

M.S. [Industrial Engineering](#) 1989. The University of Oklahoma, Norman, OK.

B.S. [Chemistry and Biology](#) (double degrees) 1986. Oklahoma Baptist University, Shawnee, OK.

TEACHING AND RESEARCH INTERESTS:

Dr. Purswell has taught ergonomics and safety engineering. He has conducted research dealing with occupational safety, including OSHA policies and procedures, consumer product safety, perception-reaction time issues, product usability, railroad work methods, and the ergonomics of manual material handling tasks.

PROFESSIONAL EXPERIENCE:

1999-Present, Vice President, Purswell & Purswell, Engineering & Ergonomics, Inc., Colorado Springs, CO 80920

- Consults with manufacturers, employers, and attorneys on ergonomics and safety issues.
- Performs hazard analyses of products for manufacturers
- Consults with manufacturers on the development of warnings and instructions for new and redesigned products.
- Consults with employers on the design and implementation of OSHA-compliant work practices to address safety hazards and to mitigate ergonomic risk factors.
- Advises clients on OSHA's citation practices of ergonomic hazards under the "General Duty" clause as well as on OSHA's citation policy with respect to multi-employer workplaces.
- Advises clients on how to access and interpret OSHA compliance directives (CPLs) for a given standard.
- Advises clients on the use of the CPSC's NEISS injury database and the OSHA accident investigation database.
- Performs usability assessments of products to identify areas of potential user errors due to sub-optimal design.

- Performs consulting on railroad work methods.

Representative clients have included

- **attorneys** involved in litigation matters (list of prior litigation consultations available on request)
- a **hospital chain** (usability tests and assessment of ergonomic and safety risk factors of competing medical devices),
- a **manufacturer of agricultural equipment** (evaluation and mitigation of workplace ergonomic risk factors)
- a **manufacturer of a meat processor** (user manual and on-product warnings)
- a **manufacturer of a hot tub/spa** (user manual and on-product warnings)
- a **manufacturer of automotive cleaning products** (on-product warnings and Safety Data Sheets)
- a **manufacturer of candle-making products** (on-product warnings and Safety Data Sheets)
- a **manufacturer of warehouse storage rack systems** (set up and use instructions).

1999-Present, Adjunct Professor, Engineering Department, Colorado State University -Pueblo, Pueblo, CO 81001

Teaches the graduate ergonomics course and the senior level safety course for the Engineering department. Supervises student research on product safety and usability issues. As part of his involvement with CSU-Pueblo, Dr. Purswell has also initiated and supervised several graduate student ergonomics projects for Pueblo area manufacturing, warehousing, and retail establishments.

1994-1999, Ergonomics and Safety Consultant, Purswell & Associates, Colorado Springs, CO 80920

Designed and conducted research concerning user perceptions and comprehension of potential product hazards. Developed experimental protocols and questionnaires, performed data collection, data reduction and analysis, and wrote reports for clients.

Performed hazard analyses of consumer and industrial products, applied system safety principles of hazard abatement, including suggested redesign, guarding, and preparation of camera-ready copies of instructions and on-product warnings for clients. Representative products include an attic ventilator line, a deer stand manufacturer, and a brake pad manufacturer.

Researched and interpreted OSHA, CPSC and ANSI standards for clients, including the legislative record for OSHA standards. Acquired familiarity with OSHA standards applicable to chemical safety, workplace/machine interface issues and construction/maintenance operations. These include, for example, the Hazard Communication Standard, Lockout/Tag out Standard, Hearing Conservation Standard, Fall Protection Standards, etc. Performed forensic consulting for attorneys involved in workplace and product safety litigation, including preparation of reports and research applicable to a given issue involved in the litigation.

1989-1992, Graduate Teaching/ Research Assistant, Virginia Tech, Blacksburg, Virginia, 24061

Assisted with *Introduction to Industrial Engineering* and *Probability and Queuing Systems* classes. Lectured in the absence of the professor. Prepared and graded homework and exams.

Documented and analyzed railroad work methods. Prepared task descriptions and ergonomics/safety analyses of work methods. Recommended methods improvements and changes in tool design. Authored the project report.

Researched finger strength capabilities. Designed the data collection equipment. Wrote the software routines to collect and reduce the data. Performed statistical analysis of the data. Authored the project report.

Summer 1989, Industrial Engineer Intern, General Motors Assembly Division, Oklahoma City, OK 73135

Performed analyses of assembly line ergonomics and safety issues. Prepared a safety and ergonomics training program for plant use.

1987-1989, Graduate Teaching/Research Assistant, University of Oklahoma, Norman, OK 73072

Interfaced a computerized data collection system with analog electrical instruments. Taught ergonomics labs.

CERTIFICATIONS & LICENSES:

Registered Professional Engineer by examination

[Board Certified Professional Ergonomist](#) by examination

PROFESSIONAL AFFILIATIONS AND SERVICE:

Member, [Human Factors and Ergonomics Society](#). Served as a newsletter editor and paper reviewer for several technical groups. Instructor for the [CPE](#) prep course sponsored by the [Rocky Mountain Chapter of HFES](#)

Program Chair (2004) 1st Annual Spring Symposium of the Rocky Mountain Chapter of the Human Factors and Ergonomics Society

Senior Member (1997-current) and Director of Professional Registration (2003-2009) for the [Institute of Industrial Engineers](#). Responsible for preparing the Industrial Engineering P.E. licensure exam administered by [NCEES](#). Served on the 2002-2003 committee to review and reformulate the Industrial Engineering P.E. content areas. Also served on the 2012 committee to re-specify content areas for the FE exam. Dr. Purswell continues to serve as a member on the committee that develops the exam specifications for the IE PE exam, as well as continuing to write questions for the exam.

Member (2001-present) and Secretary (2003-5). [International Society for Occupational Ergonomics and Safety](#)

Member, [American Industrial Hygiene Association](#)

Member, [Scaffold Industry Association](#)

Member, [American Society of Safety Engineers](#)

Member, [National Safety Council](#)

Member, Industrial Advisory Board, Industrial Engineering Department, CSU-Pueblo

Member, [Pikes Peak Regional Science Fair Board](#). Serves on the Safety committee

HONORS AND AWARDS

Inducted into Alpha Pi Mu, the Industrial Engineering Honor Society (1990).

Recipient of the Gordon Fellowship from the University of Oklahoma (1986).

SHORT COURSES AND SEMINARS

Psychometric Training presented by the Chauncey Group, February 2004.

Forklift Truck Operator Instructor Development presented by the [Colorado Safety Association](#), August 2004.

Oxyfuel Welding, Pikes Peak Community College, Fall, 2005.

Welding Health and Ventilation for Hot Work in Confined Spaces PCIH, 10/23/2005.

Shielded metal arc (stick) welding, Pikes Peak Community College, Spring, 2006.

FORENSIC CONSULTING

Dr. Purswell has been retained by attorneys around the US to evaluate the ergonomics and safety aspects of matters in litigation. He has testified at trial in Oklahoma, Arkansas, Illinois, New York, Georgia, Kansas, Wyoming, and Colorado.

PAPERS AND PRESENTATIONS
